NOTE 1 SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of the financial report are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

1.1 Basis of Preparation

1.1.1 Compliance with Australian Accounting Standards

This general purpose financial report has been prepared in accordance with Australian Accounting Standards as they apply to not-for-profit entities, other authoritative pronouncements of the Australian Accounting Standards Board, Interpretations and relevant South Australian legislation.

The financial report was authorised for issue by the Council by certificate under Regulation 14 of the Local Government (Financial Management) Regulation 2011.

1.1.2 Historical Cost Convention

Except where stated below, these financial statements have been prepared in accordance with the historical cost convention.

1.1.3 Critical Accounting Estimates

The preparation of financial statements in conformity with Australian Accounting Standards requires the use of certain critical accounting estimates, and requires management to exercise its judgement in applying Council's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are specifically referred to in the relevant sections of this Note.

1.1.4 Rounding

All amounts in the financial statements have been rounded to the nearest dollar (\$0).

2.0 The Local Government Reporting Entity

The Port Augusta City Council is incorporated under the SA Local Government Act 1999 and has its principal place of business at 4 Mackay Street, Port Augusta, South Australia. These financial statements include the consolidated fund and all entities through which Council controls resources to carry on its functions. In the process of reporting on the Council as a single unit, all transactions and balances between activity areas and controlled entities have been eliminated.

The principal activities and entities conducted other than in the Council's own name that have been included in these consolidated financial statements are:

Wadlata Outback Centre
Australian Arid Lands Botanic Gardens
Port Augusta Cultural Centre – Yarta Purtli
Ryan Mitchell Swim Centre
Nerrilda Nursing Home
AM Ramsay Village
Port Augusta Childcare Centre
Miriam High Special Needs Centre
Port Augusta Men's Shed
Substance Misuse Service
Sobering Up Unit
Port Augusta Outdoor Adventure Centre
Port Augusta Public Library

Trust monies and property held by Council but subject to the control of other persons have been excluded from these reports. A separate statement of moneys held in the Trust Fund is available for inspection at the Council Office by any person free of charge.

3.0 Income recognition

Income is measured at the fair value of the consideration received or receivable. Income is recognised when the Council obtains control over the assets comprising the income, or when the amount due constitutes an enforceable debt, whichever first occurs.

Where grants, contributions and donations recognised as income during the reporting period were obtained on the condition that they be expended in a particular manner or used over a particular period, and those conditions were undischarged as at the reporting date, the amounts subject to those undischarged conditions are disclosed in these notes. Also disclosed is the amount of grants, contributions and receivables recognised as revenues in a previous reporting period which were obtained in respect of the Council's operations for the current reporting period.

In the month of June in recent years the Federal Government has paid amounts of untied financial assistance grants, which are recognised on receipt, in advance of the year of allocation. In June 2011, one quarter of the 2011/12 allocation amounting to \$827,244 was paid in advance; in June 2012, two quarters of the 2012/13 allocation: \$1,634,200; and in June 2013, again two quarters of the 2013/14 allocation: \$1,584,272. Accordingly, in the reporting period ended 30 June 2012, Council's operating deficit was effectively understated by \$806,756. It is anticipated that these amounts in advance will be adjusted at some future time, but details of the timing of this are not currently available. The total amounts to be adjusted at 30 June 2013 is \$1,584,272 (\$2012, \$1,634,200). The actual amounts of untied grants received during the reporting periods (including the advance allocations) are disclosed in Note 2."

4.0 Cash Equivalents and other Financial Instruments

Cash Assets include all amounts readily convertible to cash on hand at Council's option with an insignificant risk of changes in value with a maturity of three months or less from the date of acquisition.

Receivables for rates and annual charges are secured over the subject land, and bear interest at rates determined in accordance with the Local Government Act 1999 (as amended). Other receivables are generally unsecured and do not bear interest.

All receivables are reviewed as at the reporting date and adequate allowance made for amounts the receipt of which is considered doubtful.

All financial instruments are recognised at fair value at the date of recognition.

A detailed statement of the accounting policies applied to the Financial Instruments forms part of Note 12.

5.0 Inventories

Inventories held in respect of stores have been valued by using the weighted average cost on a continual basis, after adjustment for loss of service potential. Inventories held in respect of business undertakings have been valued at the lower of cost and net realisable value.

PORT AUGUSTA CITY COUNCIL

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

6.0 Infrastructure, Property, Plant & Equipment

6.1 Initial Recognition

All assets are initially recognised as cost.

All non-current assets purchased or constructed are capitalised as the expenditure is incurred and depreciated as soon as the asset is held "ready for use". Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition, including architects fees and engineering design fees and all other costs incurred. The cost of non-current assets constructed by the Council includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overhead.

Capital works still in progress at balance date are recognised as *other non-current assets* and transferred to *infrastructure, property, plant & equipment* when completed ready for use.

For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of the acquisition.

6.2 Materiality

Assets with an economic life in excess of one year are only capitalised where the cost of acquisition exceeds materiality thresholds established by Council for each type of asset. In determining (and in annually reviewing) such thresholds, regard is had to the nature of the asset and its estimated service life. Examples of capitalisation thresholds applied during the year are as follows. No capitalisation threshold is applied to the acquisition of land or interests in land.

Office Furniture & Equipment	\$1,000
Other Plant & Equipment	\$1,000
Buildings - new construction/extensions	\$10,000
Park & Playground Furniture & Equipment	\$2,000
Road construction & reconstruction	\$10,000
Paving & footpaths, Kerb & Gutter	\$2,000
Drains & Culverts	\$5,000
Reticulation extensions	\$5,000
Sidelines & household connections	\$5,000
Artworks	\$5,000

6.3 Subsequent Recognition

All material asset classes are revalued on a regular basis such that the carrying values are not materially different from fair value. For infrastructure and other asset classes where no active market exists, fair value is determined to be the current replacement cost of an asset less, where applicable, accumulated depreciation calculated on the basis of such cost to reflect the already consumed or expired future economic benefits of the asset. Further detail of existing valuations, methods and values are provided in Note 8.

6.4 Depreciation of Non-Current Assets

Other than land, all infrastructure and property, plant and equipment assets recognised are systematically depreciated over their useful lives in a manner which reflects the consumption of the service potential embodied in those assets. Depreciation is recognised on a straight-line basis. Major depreciation periods for each class of asset are shown below. Depreciation periods for infrastructure assets have been estimated based on the best information available to Council, but appropriate records covering the entire life cycle of these assets are not available, and extreme care should be used in interpreting financial information based on these estimates.

Plant, Furniture & Equipment

Office Equipment	5 to 10 years
Office Furniture	10 to 20 years
Vehicles and Road-making Equip	5 to 8 years
Other Plant & Equipment	5 to 15 years

Building & Other Structures

Buildings – masonry	50 to 100 years
Buildings – other construction	20 to 40 years
Park Structures – masonry	50 to 100 years
Park Structures – other construction	20 to 40 years

Infrastructure

Sealed Roads – Surface	15 to 25 years
Sealed Roads – Structure	20 to 50 years
Unsealed Roads	10 to 20 years
Bridges – Concrete	80 to 100 years
Paving & Footpaths, Kerb & Gutter	80 to 100 years
Drains	80 to 100 years
Culverts	50 to 75 years
Flood Control Structures	80 to 100 years
Bores	20 to 40 years
Reticulation Pipes – PVC70	to 80 years
Reticulation Pipes – other	25 to 75 years
Pumps & Telemetry	15 to 25 years
Reclaimed Water Plant & Irrigation System	30 years
CED Schemes	50 years

Other Assets

Library Books	10 to 15 years
Artworks	indefinite

6.5 Impairment

Assets that have an indefinite useful life are not subject to depreciation and are reviewed annually for impairment. Assets that are subject to depreciation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount (which is the higher of the *present value of future cash outflows* or *value in use*).

For assets whose future economic benefits are not dependent on the ability to generate cash flows, and where the future economic benefits would be replaced if Council were deprived thereof, the *value in use* is the depreciated replacement cost.

In assessing impairment for these assets, a rebuttable assumption is made that the current replacement cost exceeds the original cost of acquisition.

Where an asset that has been revalued is subsequently impaired, the impairment is first offset against such amount as stands to the credit of that class of assets in Asset Revaluation Reserve, any excess being recognised as an expense.

7.0 Payables**7.1 Goods & Services**

Creditors are amounts due to external parties for the supply of goods and services and are recognised as liabilities when the goods and services are received. Creditors are normally paid 30 days after the month of invoice. No interest is payable on these amounts.

7.2 Payments Received in Advance & Deposits

Amounts received from external parties in advance of service delivery, and security deposits held against possible damage to Council assets, are recognised as liabilities until the service is delivered or damage reinstated, or the amount is refunded as the case may be.

8.0 Borrowings

Loans are carried at their principal amounts which represent the present value of future cash flows associated with servicing the debt. Interest is accrued over the period to which it relates, and is recorded as part of "Payables".

9.0 Employee Benefits**9.1 Salaries, Wages & Compensated Absences**

Liabilities for employees' entitlements to salaries, wages and compensated absences expected to be paid or settled within 12 months of reporting date are accrued at nominal amounts (including payroll based oncost) measured in accordance with AASB 119.

Liabilities for employee benefits not expected to be paid or settled within twelve months are recognised by using the shorthand method and a benchmark number of years of staff service. The benchmark is five years. It has been determined that the liability is not materially different from the liability measured using the present value of expected future payments and is consistent with Councils experience of staff retention and leave taken.

No accrual is made for sick leave as Council experience indicates that, on average, sick leave taken in each reporting period is less than the entitlement accruing in that period, and this experience is expected to recur in future reporting periods. Council does not make payment for untaken sick leave.

9.2 Superannuation

The Council makes employer superannuation contributions in respect of its employees to the Statewide Superannuation Scheme and to Hesta Super Fund. The Statewide Superannuation Scheme has two types of membership, each of which is funded differently. No changes in accounting policy have occurred during either the current or previous reporting periods. Details of the accounting policies applied and Council's involvement with the schemes are reported in Note 17.

PORT AUGUSTA CITY COUNCIL

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

10.0 Construction Contracts

Construction works undertaken by Council for third parties are generally on an agency basis where the third party reimburses Council for actual costs incurred, and usually do not extend beyond the reporting period. As there is no profit component, such works are treated as 100% completed. Reimbursements not received are recognised as receivables and reimbursements received in advance are recognised as "payments received in advance".

11.0 Leases

Lease arrangements have been accounted for in accordance with Australian Accounting Standard AASB 117.

In respect of operating leases, where the lessor substantially retains all of the risks and benefits incident to ownership of the leased items, lease payments are charged to expense over the lease term.

12.0 GST Implications

In accordance with UIG Abstract 1031 "Accounting for the Goods & Services Tax

- Receivables and Creditors include GST receivable and payable
- Except in relation to input taxed activities, revenues and operating expenditures exclude GST receivable and payable.
- Non-current assets and capital expenditures include GST net of any recoupment.
- Amounts included in the Statement of Cash Flows are disclosed on a gross basis.

13.0 New Accounting Standards

Certain new accounting standards and UIG interpretations have been published that are not mandatory for the 30 June 2013 reporting period and have not been used in preparing these reports.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

The Australian Accounting Standards Board is currently reviewing AASB 1004 Contributions. It is anticipated that the changes resulting from this review may have a material effect on the timing of the recognition of grants and contributions, but the financial consequences cannot be estimated until a revised accounting standard is issued.

NOTE 8 (Cont) INFRASTRUCTURE, PROPERTY, PLANT & EQUIPMENT

Valuation of Assets

At July 2004 upon the transition to AIFRS, Council elected pursuant to AASB 1,19 to retain previously established deemed cost under GAAP as it deemed cost. With subsequent additions at cost, this remains as the basis of recognition of non-material asset classes.

Land

Council being of the opinion that it is not possible to attribute a value sufficiently reliably to qualify for recognition, land under roads has not been recognised in these reports. Land acquired for road purposes during the year is initially recognised at cost, but transferred to fair value at reporting date, effectively writing off the expenditure.

Land assets were valued by Maloney Field Services at written down current replacement cost during the reporting period ended 30 June, 2010 and pursuant to Council's election are disclosed at deemed cost. All acquisitions made after the respective dates of valuation are recorded at cost.

Pursuant to Council's election, freehold land and land over which Council has control, but does not have title, is recognised on the cost basis. No capitalisation threshold is applied to the acquisition of land or interests in land.

Land improvements, including bulk earthworks with an assessed unlimited useful life, are recognised on the cost basis, originally deriving from a valuation at 30 June, 2010 at current replacement cost. Additions are recognised at cost.

Estimated future costs of reinstatement of land, capitalised in accordance with AASB 119.16(c) are reviewed annually (see Note 1) and depreciated over the estimated remaining life of the relevant asset.

Buildings & Other Structures

Building & Other Structure assets were valued by Maloney Field Services at written down current replacement cost during the reporting period ended 30 June, 2010 and pursuant to Council's election are disclosed at deemed cost. All acquisitions made after the respective dates of valuation are recorded at cost.

Infrastructure

Transportation assets were valued by Tonkins Consulting at written down current replacement cost during the reporting period ended 30 June, 2010 and pursuant to Council's election are disclosed at deemed cost. All acquisitions made after the respective dates of valuation are recorded at cost.

Stormwater drainage infrastructure was valued by Maloney Field Services at written down current replacement cost during the reporting period ended 30 June, 2010 and pursuant to Council's election are disclosed at deemed cost. All acquisitions made after the respective dates of valuation are recorded at cost.

Community waste water management system infrastructure was valued by Maloney Field Services at written down current replacement cost during the reporting period ended 30 June, 2005 and pursuant to Council's election are disclosed at deemed cost. All acquisitions made after the respective dates of valuation are recorded at cost.

Plant & Equipment

Plant & Equipment assets were valued by Maloney Field Services at written down current replacement cost during the reporting period ended 30 June, 2010 and pursuant to Council's election are disclosed at deemed cost. All acquisitions made after the respective dates of valuation are recorded at cost.

Furniture and Fittings

Furniture and Fittings were valued by Maloney Field Services at written down current replacement cost during the reporting period ended 30 June, 2010 and pursuant to Council's election are disclosed at deemed cost. All acquisitions made after the respective dates of valuation are recorded at cost.

All other assets

Pursuant to Council's election, these assets are recognised on the cost basis.

NOTE 12 FINANCIAL INSTRUMENTS

Recognised Financial Instruments

Bank, Deposits at Call, Short Term Deposits **Accounting Policy:** Carried at lower of cost and net realisable value; Interest is recognised when earned.

Terms & conditions: Deposits are returning fixed interest rates between 3.5% and 5.1% (2012:3.5% and 5.1%). Short term deposits have an average maturity of 30 days and an average interest rates of 4.3% (2012: 30 days, 4.3%).

Carrying amount: approximates fair value due to the short term to maturity.

Receivables - Rates & Associated Charges (including legals & penalties for late payment) **Accounting Policy:** Carried at nominal values less any allowance for doubtful debts. An allowance for doubtful debts is recognised (and re-assessed annually) when collection in full is no longer probable.

Terms & conditions: Secured over the subject land, arrears attract interest of 9.0% (2012:9.0%) Although Council is not materially exposed to any individual debtor, credit risk exposure is concentrated within the Council's boundaries in the State.

Carrying amount: approximates fair value (after deduction of any allowance).

Receivables - Fees & other charges

Accounting Policy: Carried at nominal values less any allowance for doubtful debts. An allowance for doubtful debts is recognised (and re-assessed annually) when collection in full is no longer probable.

Terms & conditions: Unsecured, and do not bear interest. Although Council is not materially exposed to any individual debtor, credit risk exposure is concentrated within the Council's boundaries.

Carrying amount: approximates fair value (after deduction of any allowance).

Receivables - other levels of government

Accounting Policy: Carried at nominal value.

Terms & conditions: Amounts due have been calculated in accordance with the terms and conditions of the respective programs following advice of approvals, and do not bear interest. All amounts are due by Departments and Agencies of the Governments of the Commonwealth & State.

Carrying amount: approximates fair value.

Receivables - Retirement Home Contributions

Accounting Policy: Carried at nominal values less any allowance for doubtful debts. An allowance for doubtful debts is recognised (and re-assessed annually) when collection in full is no longer probable.

Terms & conditions: Amounts due have been calculated in accordance with the terms and conditions of the respective legislation.

Carrying amount: approximates fair value (after deduction of any allowance).

Liabilities - Creditors and Accruals

Accounting Policy: Liabilities are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Council.

Terms & conditions: Liabilities are normally settled on 30 day terms.

Carrying amount: approximates fair value.

Liabilities - Retirement Home Contributions

Accounting Policy: To avoid inconvenience when complying with the separate audit requirements imposed by the relevant legislation, amounts are carried at nominal values.

Terms & conditions: Pursuant to Commonwealth legislation certain intending residents are required to contribute amounts on an interest free basis. The amounts are subject to certain deductions as prescribed by the legislation, the balance being repaid on termination of tenancy.

Carrying amount: approximates fair value for short tenancies; may be non-materially over-stated for longer tenancies.

Liabilities - Interest Bearing Loans

Accounting Policy: Carried at the principal amounts. Interest is charged as an expense as it accrues.

Terms & conditions: secured over future revenues, loans are repayable by equal 6 monthly instalments of principal & interest; interest is charged at fixed rates between 4.35% and 7.48% (2012: 4.35% and 7.48%)

Carrying amount: approximates fair value.

Liabilities - Finance Leases

Accounting Policy: accounted for in accordance with AASB 117.

All carrying values approximate fair value for all recognised financial instruments. With the exception of investments, there is no recognised market for the financial assets of the Council.

RISK EXPOSURES

Credit risk represents the loss that would be recognised if counterparties fail to perform as contracted. The maximum credit risk on financial assets of the Council is the carrying amount, net of any allowance for doubtful debts. All Council investments are made with the SA Local Government Finance Authority and are guaranteed by the SA Government. Except as detailed in Notes 5 & 6 in relation to individual classes of receivables, exposure is concentrated within the Council's boundaries, and there is no material exposure to any individual debtor.

Market Risk is the risk that fair value of financial assets will fluctuate as a result of changes in market prices. All of Council's financial assets are denominated in Australian dollars and are not traded on any market; and hence neither market risk or currency risk apply

Liquidity Risk is the risk that Council will encounter difficulty in meeting obligations with financial liabilities. In accordance with the model Treasury Policy (LGA Information Paper 15), liabilities have a range of maturity dates based on cash inflows. Council also has available a range of bank overdraft and short-term draw down facilities that it can access.

Interest Rate Risk is the risk that future cash flows will fluctuate because of changes in market interest rates. Council has a balance of both fixed and variable interest rate borrowings and investments. Cash flow fluctuations are managed holistically in seeking to minimise interest costs over the longer term in a risk averse manner.

Note 14 FINANCIAL PERFORMANCE INDICATORS

2013

2012

These Financial Indicators have been calculated in accordance with *Information Paper - Local Government Financial Indicators* prepared as part of the LGA Financial Sustainability Program for the Local Government Association of South Australia. Detailed methods of calculation are set out in the SA Model Statements.

Operating Surplus Ratio	(31.2%)	(34.3%)
<u>Adjusted Operating Surplus</u>		
Rates - general & other less NRM levy		

This ratio expressed the operating surplus as a percentage of general rates and other rates, net of NRM levy.

Adjusted Operating Surplus Ratio	(42.6%)	(40.5%)
---	---------	---------

In each of June 2009, June 2010, June 2011 and 2012 the Commonwealth Government made an advance of one quarterly payment of the Financial Assistance Grant. In June 2012, an advance of two quarterly payments was made (see Note 1 Recognition of Income). Accordingly there were four "quarterly" payments in 2010 and 2011, and five payments in 2012. The Adjusted Surplus Ratio adjusts for this distortion.

Net Financial Liabilities	18,563,224	15,493,479
----------------------------------	------------	------------

Net Financial Liabilities are defined as total liabilities less financial assets (excluding equity accounted investments in Council businesses). These are expressed as a percentage of total operating revenue (excluding NRM Levy)

Net Financial Liabilities Ratio	60.4%	50.4%
<u>Net Financial Liabilities</u>		
Total Operating Revenue Less NRM Levy		

Asset Sustainability Ratio		
<u>Net Asset Renewals</u>	43.6%	46.0%
Depreciation Expense		

Net asset renewals expenditure is defined as net capital expenditure on the renewal and replacement of existing assets, and excludes new capital expenditure on the acquisition of additional assets.

NOTE 15 UNIFORM PRESENTATION OF FINANCES

The following is a high level summary of both operating and capital investment activities of the Council prepared on a uniform and consistent basis. All Councils in South Australia have agreed to summarise annual budgets and long-term financial plans on the same basis. The arrangements ensure that all Councils provide a common 'core' of financial information, which enables meaningful comparisons of each Council's finances.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

NOTE 16 OPERATING LEASES***Leases providing revenue to the Council***

Council owns various buildings, plant and other facilities that are available for hire or lease (on a non-cancellable basis wherever practicable) in accordance with the published revenue policy. Rentals received from such leases are disclosed as rent and hire of non-investment property in Note 3.

Lease payment commitments of Council

Council has entered into non-cancellable operating leases for various items of computer equipment. No contingent rentals were paid during the current or previous reporting periods.

No lease imposes any additional restrictions on Council in relation to additional debt or further leasing.

Leases in relation to computer and office equipment permit Council, at expiry of the lease, to elect to re-lease, return or acquire the equipment leased.

No lease contains any escalation clause.

Commitments under non-cancellable operating leases that have not been recognised in the financial statements are as follows: No contingent rentals were paid during the current or previous reporting periods.

	<u>1,308,991</u>	<u>612,157</u>

NOTE 17 SUPERANNUATION

The Council makes employer superannuation contributions in respect of its employees to the Statewide Superannuation Scheme and to HESTA. The Statewide Superannuation has two types of membership, each of which is funded differently. Permanent and contract employees of the South Australian Local Government sector have the option to contribute to Marketlink and/or Salarylink. All other employees (including casuals) have all contributions allocated to Marketlink.

Marketlink (Accumulation Fund) Members

Marketlink receives both employer and employee contributions on a progressive basis. Employer contributions are based on a fixed percentage of employee earnings in accordance with superannuation guarantee legislation (9% in 2012/2013 ; 9% in 2011/2012). No further liability accrues to the employer as the superannuation benefits accruing to employees are represented by their share of the net assets of the Fund.

Salarylink (Defined Benefit) Members

Salarylink is a defined benefit scheme where the benefit payable is based on a formula determined by the member's contribution rate, number of years of contribution and final average salary. Council makes employer contributions to Salarylink as determined by the Scheme's Trustee based on advice from the Scheme's Actuary. The rate is currently 6.3% (6.3% in 2011/2012) of "superannuation" salary. Given that Employer contributions are based on a fixed percentage of employee earnings in accordance with superannuation guarantee legislation, the remaining 3% for Salarylink members is allocated to their Marketlink account. Employees also make member contributions to the Fund. As such, assets accumulate in the Fund to meet the member's benefits, as defined in the Trust Deed, as they accrue. The Salarylink Plan is a multi-employer sponsored plan. As the Fund's assets and liabilities are pooled and are not allocated by employer, the Actuary is unable to allocate benefit liabilities, assets and costs between employers. As provided by AASB 119.32(b), Council does not use defined benefit accounting for these contributions.

The most recent full actuarial investigation conducted by the Scheme's actuary, A.C. Miller, FIAA, of Russel Employee Benefits as at 30 June 2011, the Trustee has determined that the current funding arrangements are adequate for the expected Defined Benefit Plan liabilities. However, future financial and economic circumstances may require changes to Council's contribution rates at some future time.

Contributions to other schemes

Council also makes contributions to other Superannuation Schemes selected by employees under the "choice of fund" legislation. All such schemes are of the accumulation type, where the superannuation benefits accruing to the employees are represented by their share of net assets of the scheme, and no further liability attaches to the Council.

**NOTE 19 CONTINGENCIES & ASSETS & LIABILITIES NOT RECOGNISED IN THE
STATEMENT OF FINANCIAL POSITION**

The following assets and liabilities do not qualify for recognition in the Statement of Financial Position but knowledge of those items is considered relevant to user of the financial report in making and evaluating decisions about the allocation of scarce resources.

1. LAND UNDER ROADS

As reported elsewhere in these Statements, Council is of the opinion that it is not possible to attribute a value sufficiently reliably for these assets to qualify for recognition, and accordingly land under roads has not been recognised in these reports. Land acquired for road purposes during the year is initially recognised at cost, but transferred to fair value at reporting date, effectively writing off the expenditure.

At reporting date, Council controlled 383km of road reserves of average width 20 metres.

2. POTENTIAL INSURANCE LOSSES

Council is a multi-purpose organisation providing a large range of building, parks infrastructure, playgrounds and other facilities accessible to the public. At any time, it is likely that claims will have been made against Council that remain unsettled.

Council insures against all known insurable risks using a range of insurance policies, each of which is subject to a deductible "insurance excess", the amount of which varies according to the class of insurance.

Council has recognised the potential losses arising from claims known at reporting date based on average historical net cost (including insurance excess) of similar types of claims. Other potential claims not reported to Council may have existed at reporting date.

Note 20 ASSETS SUBJECT TO RESTRICTIONS

The uses of the following assets are restricted, wholly or partially, by legislation or other externally imposed requirements. The assets are required to be utilised for the purposes for which control was transferred to Council, or for which the revenues were originally raised.

	2013	2012
CASH & FINANCIAL ASSETS

TOTAL ASSETS SUBJECT TO EXTERNALLY IMPOSED RESTRICTIONS	<u>5,374,143</u>	<u>5,000,000</u>

On 26 June 2012, Council received a grant of \$5,000,000 from the State Government of South Australia for the Central Oval Redevelopment Project. Additional revenue from investment of these funds amounted to \$124,143 in 2012/2013. Commonwealth funding of \$250,000 was also received for the project in July 2012. It is expected that monies from this grant will be expended during the 2013/2014 and 2014/2015 financial years.

**INDEPENDENT AUDIT REPORT TO THE MEMBERS OF THE PORT AUGUSTA CITY COUNCIL**

We have audited the accompanying financial report of the Port Augusta City Council which comprises the balance sheet as at 30 June 2013 and the statement of comprehensive income, statement of changes in equity, cash flow statement, summary of significant accounting policies, other explanatory notes and the Chief Executive Officer's statement for the year ended 30 June 2013.

Chief Executive Officer's Responsibility for the Financial Report

The Chief Executive Officer is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Local Government Act 1999 together with the Local Government (Financial Management) Regulations 2011. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We have conducted the audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Management, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for the audit opinion.

Independence

In conducting the audit we followed applicable independence requirements of Australian professional and ethical pronouncements and the Local Government Act 1999.

Auditor's Opinion

In our opinion, the financial report presents fairly, in all material respects, the financial position of the Port Augusta City Council as of 30 June 2013, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Local Government Act 1999 together with the Local Government (Financial Management) Regulations 2011.
