Explanatory Notes

Authority

Section 188 of the *Local Government Act 1999* empowers a Council to impose fees and charges for various services that it provides, either as part of its statutory functions or on request.

This document is the record of fees and charges for the Port Augusta City Council. Section 132(1) of the *Local Government Act 1999* requires Council to publish a list of its fees and charges on the Council's website and on request, provide a person with a printed copy of the list of fees and charges, upon payment of the relevant fee.

Fees and charges other than those prescribed by any Act or Regulation in respect of a particular matter, may be fixed, varied, or revoked by by-law or by resolution of the Council. Section 44(1) of the *Local Government Act 1999* permits a Council to delegate some of these powers to a Committee or officers. Fees and Charges will be recommended to Council by officers on an annual basis and this Register will be reviewed and endorsed by Council accordingly.

As per the new tax system (Goods and Services Tax Act 1999), GST at the rate determined by the Act will be charged on all fees and charges, except those given exemption under the Act. Except where otherwise stated, all prices where GST is applicable will be inclusive of GST.

Fees set by Council are identified as 'C' and those set by legislation are identified as 'L'.

Fees and Charges Register		Set by Council or Legislation	2026/2027
