

# Partnerships In Positive Ageing

## Terms of Reference

- Facilitate communication between providers of Aged Care Services in our community.
- Act as a collective voice for aged persons in Port Augusta.
- Promote greater recognition and respect for Aged persons in our community.
- Make recommendations on behalf of our community to all levels of Government for continuous improvement in services that they offer aged people.
- Offer support to each others service, if required, so as to improve service provision.
- Provide mutual support to PiPA members by sharing information regarding each others service directions, funding, staffing and training opportunities.
- Assist other members of the group with funding applications or submit joint applications for funding where appropriate.
- Provide advice to the Port Augusta City Council on disability and accessibility relating to Aged people in Port Augusta.
- Share information regarding service directions, funding opportunities and constraints, staffing, and training opportunities where appropriate.
- Progress recommendations of the Ageing Strategy 2007-2012
